What happens when you file a suit for sexual molestation (USA)

This is mainly for my readers from the USA but also a warning for ladies everywhere

I thought this would be interesting to everyone, especially females, since all females are by their nature vulnerable to predatory actions from the male section of society. It is very sad that the following interview by Dr Naomi Wolf has to be made. I think there are lots of lessons from this medium length video which I recommend you watch from beginning to end. I give Dr Naomi 100% for honesty and transparency thank you for sharing this with the world.
